

AFRICAN UNIVERSITY & HIGHER-EDUCATION ADMISSIONS DIRECTORY

For Cameroonian Students • 2026–2027 Working Edition

GCE A/L • Cameroon Baccalauréat/Terminale • IB Diploma • Cambridge • OSSD

This directory is designed as a practical starting point for Cameroonian students looking for degree-awarding higher-education options elsewhere in Africa. It covers 25 countries: 15 English-speaking/English-medium destinations and 10 Francophone/French-medium destinations, with 50 institutions listed per country.

Important admissions note

An institution appearing here is NOT a guarantee that a Cameroonian applicant will receive direct admission. Qualification equivalency, subject prerequisites, grades, language requirements, entrance examinations, professional licensing rules, and programme-specific conditions can differ. Always confirm the exact degree and intake with the institution.

Cambridge International maintains a searchable recognition database for universities and colleges; IB maintains a recognition database and states that recognition policies can change. These sources explicitly recommend checking the individual institution for current requirements.

Cambridge International recognition database: <https://www.cambridgeinternational.org/recognition-search/>

IB university recognition database: <https://ibo.org/university-admission/find-countries-and-universities-that-recognize-the-ib/>

How to read the qualification columns

Qualification	Use in this directory	Status meaning
GCE A/L	Cameroon English-speaking / British-system applicants	Potential pathway; confirm grades and subject combination
Baccalauréat / Terminale	Cameroon French-speaking applicants	Potential pathway; confirm local equivalency and admission procedure
IB Diploma	International-school graduates	Widely recognized internationally; confirm institution-specific IB policy
Cambridge	IGCSE / O Level / AS & A Level	Widely recognized; exact combination and grades vary
OSSD	Ontario Secondary School Diploma graduates	Case-by-case international qualification assessment is common; verify directly

Verification and application checklist

- Confirm that the institution is currently accredited/recognized by the country's higher-education regulator.
- Open the official programme page for the exact Bachelor/Licence degree you want.
- Check international-student admission requirements and whether Cameroon qualifications require equivalency.
- For GCE A/L or Cambridge, check required A/AS Level subjects and grades—not only the existence of the certificate.
- For Baccalauréat, check whether the university requires a particular series, grade, national equivalence, or entrance test.
- For IB, check the institution's published IB recognition statement and subject/grade requirements.
- For OSSD, ask admissions how Ontario credits/courses are converted and whether a minimum number of Grade 12 U/M courses is required.

- Check English/French language requirements separately from academic qualification requirements.
- Check tuition, accommodation, visa requirements, application deadlines, scholarships, and proof-of-funds rules.
- Keep certified copies of transcripts, certificates, passport, birth certificate where required, and any equivalency documents.

Source and scope notes

Country institution lists were assembled as a practical directory of universities and other higher-education/degree-oriented institutions. The directory deliberately does not label every institution as 'eligible' because eligibility is a legal/admissions determination made by the institution and, in some countries, the national regulator. Entries marked 'site lookup' use a clickable web search to locate the current official site; they are not presented as verified official URLs.

Cambridge states that its qualifications are widely recognized and provides a formal recognition database. IB states that its recognition database covers thousands of universities but also warns that policies can change and applicants should check the university directly. This directory follows that principle.
